

APPLICATION

The Weatherization Assistance Program is funded by the U.S. Department of Energy, U.S. Department of Health & Human Services, Rocky Mountain Power and Dominion Energy. You must provide the total gross income for the period specified for all members of the household, which will be used to determine your eligibility for the program. Providing false information, to obtain assistance, will result in this Weatherization application being denied. You should also receive a Privacy Act statement with this application for Weatherization services.

ALL PORTIONS OF THIS APPLICATION MUST BE COMPLETED

Applicant's Name:				Soc. Sec. #:			
Address:				City:			
State:	Zip Code:			_ Phone #:			
Date of Birth		_Age	E-Ma	il address:			if you have one)
The home to be weath	erized is:

AUTHORIZATION TO RELEASE CUSTOMER UTILITY INFORMATION

Applicant Name:

Application Number:

This Form Authorizes the Utah Weatherization Assistance Program to request and receive billing and utility consumption information for the property listed below, from the specified Utility Provider(s). This information will be used to determine applicants energy burden and to measure the effectiveness of the Weatherization Assistance Program. This form must be signed by the Account Holder or Customer of Record for each Utility listed

Physical Address:		M	Mailing Address (if different):				
Unit or Apt #:							
City:	State:	Zip:	C	ity:	State:	Zip:	

Information Specified

This authorization provides the Utah Weatherization Assistance Program, the right to request and receive information regarding billing history^{*} and all meter usage data used in the billing calculations from the Utility Provider(s) listed herein for the specified account (*billing history does not include the payment history or notices of discontinuation of service).

Duration

I authorize the Utility Provider(s) to provide the specified information for the period beginning twelve (12) months prior to the account holder date of execution of this authorization, and ending twelve (12) months after the completion of Weatherization Assistance, which completion is documented by the Weatherization Assistance Program's Final Inspection and Partnership Agreement.

Release of Account Information

I authorize the Utility Provider(s) to release the designated information to the Utah Weatherization Assistance Program. I hereby release, hold harmless, and indemnify the Natural Gas Provider and the Electricity Provider from any liability, claims, demands, causes of action, damages, or expenses resulting from: any release of information to the Weatherization Assistance Program pursuant to this authorization; the unauthorized use of this information by the Weatherization Assistance Program; and any actions taken by the Weatherization Assistance Program pursuant to this authorization.

Address to be Weatherized

During the weatherization process your household will be exposed to materials and equipment that may pose a risk to their health and safety. Common weatherization measures may include work on: air sealing, insulation, windows, doors, HVAC and ventilation equipment. Known hazards are similar to those found in a construction environment such as exposure to power tools, excessive noise, dust, temporary odors, etc.

Below is a list of Known Risks associated with having your home Weatherized:

Materials w/ potential allergens:

- Spray Foams
 - Duct masticPlastics
- CaulkingAdhesives

• Latex

AC Refrigerants
Insulations

Common Weatherization Risks:

- Exposure to Power Tools Dust
- Disturbance of Mold
 Noise
- Temporary debris
- Odors
- Do you or any member of your household have any known, or suspected, health concerns that could be made worse by exposure to any of the materials or risks listed above?

No	Yes	If Yes, please describe your concerns below: A member of our staff will discuss any concerns listed during the initial home assessment (Home Energy Audit) and will work with you to develop a plan to minimize risks.

If you have any health or safety concerns during the weatherization process please contact the Weatherization Assistance Program at 801-229-3850.

I am aware of the risks associated with weatherization.	Client Signature	Date

CUSTOMER, PLEASE READ BEFORE SIGNING:

- The Usage History and/or Billing Information Release Form provides our customers a mechanism to authorize Rocky Mountain Power to share data with specified third parties.
- Rocky Mountain Power is committed to safeguarding customer information. We will not share customer account or energy usage data with third parties unless authorized by the customer.
- The attached release form enables Rocky Mountain Power to track the type of information a customer wishes to share with a third party and for how long.
- Rocky Mountain Power can and will revoke releases upon customer request at any time.
- Any alterations to this authorization form after it's been executed by the Rocky Mountain Power customer will render the form null and void.

Authorization:

I (Customer), by signing below authorize PacifiCorp, doing business as Rocky Mountain Power ("PacifiCorp"), to release kilowatt-hour consumption data and/or billing information corresponding to the account(s) identified above to the party listed below. I hereby waive any claims against PacifiCorp arising out of or in any manner related to the release of such consumption, usage, and billing information.

I understand that I may cancel this authorization at any time by submitting a request in writing to PacifiCorp. Such cancellation will not be valid if action was already taken.

Dear Weatherization Client:

In 2011 the American Society of Heating Refrigeration Air conditioning Engineers (ASHRAE) concluded a study concerning healthy homes. Their recommendations to the Department of Energy (DOE) dealt with the indoor air quality of homes that are weatherized using DOE funds. The conclusions apply to both single family homes and multi-family structures of three stories or fewer above grade, including modular or manufactured homes. The study is only concerned about indoor air quality, not energy efficiency.

Part of the weatherization includes testing such appliances as your furnace and water heater, as well as the general air circulation of your home. ASHRAE requires that the air supply be at a certain level not only for your health as an individual, but will also help to reduce the problems of mild and other indoor air contaminants that cause poor health.

If your home is tested and found to have inadequate air supply based on the ASHRAE 62.2 standards, it may be necessary for our crew to install a continuous exhaust fan in your home. This fan will run at all times. Please understand that this is a requirement of the Department of Energy. Beginning August 15, 2012 for your health and safety we will follow this standard. Your energy auditor will be able to provide you with a determination of the expected cost of operating this fan.

If your home is determined to be one that requires this fan, we must install it or we will be unable to perform any weatherization work on your home. To that end we need your signature below to verify you understand that this fan must be installed for your health and safety and that you give your approval for us to do so. If you decline to give your approval, we will have no alternative but to cancel any weatherization activities in your residence.

I understand that the ASHRAE 62.2 standards may affect my home and require that a continuous operating exhaust fan may be necessary for my health and safety. I confirm that:

IDO IDO NOT approve the installation of a continuous operating exhaust fan for the health and safety of my household.
